Re: Acceptance of Amended Notice of Intention to Commence Small Mining Operations, G & R
(End of the Trail), S/025/010, Kane County, Utah

Dear Mr. Rakow:

On March 2, 1998, the Division received an amended Notice from Rex Harris for the G&R 1-3 mine. This was submitted on a Division "Annual Report of Mining Operations" form. We apologize for the delay in responding to this application. This new project is located in Sections 25 and 26, T40S, R8W, SLBM, Kane County which is within the same vicinity as Mr. Harris's End of the Trail project. We, therefore, amended this notice to the End of the Trail file (BLM case file number UTU-71337).

The Division accepts the amended notice as being complete and no additional information is required at this time. As you are the lead agency for this project, we have enclosed a copy of this amendment for your records. By accepting this application, the Division expects the operator to conduct his small mining activities in compliance with the Operation and Reclamation Practices of Rule R647-3 as outlined in the original notice for the End of the Trail project.

Thank you for your cooperation. Please provide us with a copy of your completeness letter for this project. If you receive any additional information or correspondence for this operations, please notify us so we can update our records. Please reference our file number S/025/010 regarding this project. If you have any questions or concerns regarding this letter, please contact me at (801) 538-5321.

Sincerely,

Tom Munson
Senior Reclamation Specialist
